EXPERIENCE

Senior Developer - Karat by Lollicup

Rockwall TX.

Aug 2020 - Current

Developed lollicupstore.com, karatpackaging.com, karatpost.com, lollicupfresh.com, irkarat.com and the Lollicupstore Android app. Manage numerous development teams in the US and China.

Created custom themes and sections for the online store. Migrated inventory and customer data from Magento to Shopify Plus. Developed and integrated Shopify web apps such as CertCapture which allows B2B customers to send documents to Avatax directly from the checkout page. Review all updates and manage version control and testing to ensure site stability at all times. Run SEO and ADA Compliance audits.

Web Developer/Manager - Haus Milling Center

Dallas TX.

May 2018 - July 2020

Developed and maintained an e-commerce website on a Shopify backend system. Developed control flow for enhanced customer selection. Developed Haus nesting automation system which takes .STL files and automatically nests them to the next available ceramic disk. Collect and utilize customer feedback and analytics to develop technical solutions and better marketing opportunities for the start-up.

Operations/Project Manager - Fuji Dental Lab

Rockwall TX.

June 2016 - April 2018

Integrated VisualDLP and developed custom EasyRX portal for increased workflow production and lower return percentages.

Developed Fujidentallab.com as well as Athenstreefarm.com. Integrated apps like Advanced Custom Fields and Ninjaforms to develop UI and wrapped sites in Bootstrap to make them responsive.

I.T. Consultant - Lichau Enterprises Inc

Rockwall TX.

May 2014 - July 2020

Created and implemented a database for weekday log sheets to help clients log work hours for over 2000+ employees. Database could be accessed from any client location allowing management to log hours and send them to accounting for payroll. System used in over 20 DFW area Denny's and Cowboy Chicken locations. Programmed workflow automation systems.

Ops Manager(Stan/Eval) - USAF

El Paso TX.

Feb 2008 - July 2011

Trained and tested over 350 Security Forces personal worked with DoD and state police to draft protocol training for active shooter situations used by civilian staff on all US military installations. Took part in Operation Enduring Freedom.
